Public Accountant Kenneth G. Hamilton reminded members of Hope Kiwanis Club to pause and "count your many blessings" in a pre-Thanksgiving Day talk delivered Tuesday at Town and Country restaurant.

From the days of our pilgrim forefathers to present day modern times, this nation and its people above all others has received God's richest blessings and we should be humble and deeply grateful, Mr. Hamilton pointed out.

Mr. Hamilton was introduced by Attorney Norman Smith who arranged the program.

New Cabinet in Netherlands

By THE ASSOCIATED PRESS THE HAGUE, Netherlands (AP) — Dr. Jelle Sijstra of the Antirevolutionary party has formed a minority provisional Cabinet with the Roman Catholic party to prepare the way for new elections, probably in February.

The old Cabinet, a coalition of the Antirevolutionary, Roman Catholic and Labor parties, resigned Oct. 14 after a majority in Parliament's Second Chamber adopted a resolution expressing distrust in the budget.

Results in ASC County Election

Results of the November 18 election of ASC community committeemen for all the communities of Hempstead County were announced today by R. B. Arnold, Chairman, Hempstead County Agricultural Stabilization and Conservation Committee. The elections were held by mail, and ballots were tabulated publicly by the incumbent ASC county committee in the Hempstead ASCS County Office.

A-B Spring Hill & Patmos-T. B. Bobo, Chairman; L. E. Hollis, Vice Chairman; Paul McCormack, Regular Member; C. P. Jones, First Alternate; T. C. McNeil, Second Alternate.

C-H Shover Springs & DeAnn J. C. Burke, Chairman; Howard Reece, Vice Chairman; Jewel Burke, Regular Member; E. E. Avery, First Alternate; Louis Hampton, Second Alternate.

D-Hope-W. J. Schooley, Chairman; Charles W. Key, Sr., Vice Chairman; Donald Moore, Regular Member; Joe Hampton, First Alternate; Autrey Wilson, Sec-

ond Alternate. E-F Fulton & Crossroads-Wade Gilbert, Chairman; Ernest Cox, Vice Chairman; Herbert Raley, Regular Member; Johnnie M. Thompson, First Alternate; J. E. Lively, Second Alternate.

J-L McCaskill & Bingen-Clarence Sweat, Chairman; F. U. Flaherty, Vice Chairman; Dutch Walters, Regular Member; Dewey Haugland, First Alternate; Hugh Davidson, Second Alternate.

The ASC community committee chairman, vice chairman, and third regular member automatically become delegates to the county convention where farmers are elected to fill vacancies on the ASC county committee. The alternate committeemen become alternate delegates to the convention. The county convention will be held in the Conference Room in the Federal-Post office Building in Hope on November 28, 1966 at 9:30 A. M. After the county committeemen are elected the delegates determine which of the regular committeemen will serve as the committee chairman and vice chairman for the coming year.

India Leader Is Jailed Over Cows

NEW DELHI, India (AP) — One of India's leading Hindu holy men, Jagatguru Shankaracharya, was arrested by police today in an attempt to end his fast protesting the slaughter of cows.

The Jagatguru began his fast Sunday, vowing not to eat until the government imposes a ban against slaughter of cows, which are considered holy by Hindus. Such a ban already is in effect in 11 of the 17 states.

The Jagatguru was on the speakers' platform Nov. 7 when a Hindu demonstration for the ban touched off the worst rioting in New Delhi since the post-independence communal riots of 1947. Eight persons were killed and 41 injured, Home Minister G. L. Nanda was forced to resign.

Spurrier Wins Top Grid Award

By F. T. MACFEELY GAINESVILLE, Fla. (AP) — Steve Spurrier won the practice field Tuesday doing calisthenics with his Florida teammates less than two hours after he learned he won the Heisman Trophy as the outstanding college football player of 1966.

"There's not much chance to celebrate," Spurrier told newsmen at a hastily arranged press conference.

"We've got Miami to think about, and you can't let up before a game like that," he said.

Spurrier was as poised before the cameras and floodlights and endless questions as he has been on the Saturdays he has led the Gators from behind to nearly unbelievable victories.

"It was certainly a thrill," he admitted.

"The margin I won it by shocked me a little, though," he said. "Florida didn't play on television this season and we were not seen over the country."

He got 433 of the 869 first-place votes from the nation's sports writers and a total of 1,679 points. Second-place Bob Griese of Purdue had 184 firsts and 816 points.

Next in points were Nick Eddy of Notre Dame 456, Gary Beban of UCLA 318, Floyd Little of Syracuse 296 and Clint Jones of Michigan State 204.

Florida and Spurrier will be seen on television in the Orange Bowl game against Georgia Tech the night of Jan. 2. He is looking forward to it.

At every opportunity, he mentioned his teammates, sharing with them this and all other honors he might win.

"I know the other players are almost as happy as I am," he said. "They are a great bunch. With this team it's all for one."

He was asked to look ahead, beyond this Saturday's regular season wind-up against Miami, beyond his trip to New York to receive the Heisman Trophy Dec. 1, beyond the Orange Bowl at Miami, beyond the Hula Bowl in Hawaii, Jan. 6 — to the time he will play as a professional.

"I don't know which team will draft me," he said. "Some people say it will be the New York Giants. I do go to the Giants. It will be a real opportunity, but I won't talk to the pros until after the Orange Bowl — officially or unofficially."

Londoners Going for Cowboy Clothes

LONDON (AP) — If more evidence is needed that this is the world's craziest capital, then what about the new boutique selling cowboy clothes to Londoners?

Situated on busy Oxford Street, it is, at least, in the West End. In London's West End are most of the capital's department stores, smart shops, art galleries, theaters and restaurants.

But really, broncobuster togery for the males of a nation more accustomed to derby hats, striped pants, and more lately to stove-pipe trousers, Beate haircuts and miniskirts?

"This Western style will catch on all over the country," said the owner of the new trading post, "and I prophesy it will really last. You see, it's all so masculine."

The proprietor, John Michael, also an originator of Carnaby Street gear, added: "It makes a man look a man and gives a woman a chance to be feminine again."

Commenting on a current craze for things Western among Britons — which goes deeper than clothes — The Times said it was a real cult, adding: "These grown men, all with jobs around London, have a fantasy world into which they ride at weekends. They are comparatively old hands in the Western cult, which is beginning to take hold, after sweeping through America, Germany and France."

But the new Western store, called The Westerner, is really catering to Britons who want to dress up like cowboys whether they get no farther west than London's West End.

Helping The Westerner get started is Danny Arnold, who describes himself as a deputy sheriff of Bexar County, Tex. On the side he tours Britain with a Western vaudeville act. Deputy Danny told a posse of potential customers: "All those legendary guys like Wild Bill Hickok didn't get a chance to wear clothes like these."

At these prices, deputy? Jeans — \$11.20 a pair. Hats — from \$16.50 to \$28. Boots — \$25.40.

OFF ON THE RACE from London to Brighton, an annual British event for antique cars, is an 1893 Benz driven by Kurt Kranich of West Germany. It was the oldest of some 250 snorting pioneer cars in this year's run.

Percy Has No Favorite Nominee

By JACK BELL WASHINGTON (AP) — Sen-elect Charles H. Percy says he has no favorite now for the 1968 GOP presidential nomination.

The Illinois Republican declined to say at a jammed news conference Tuesday whether he thinks Michigan Gov. George Romney or former Vice President Richard M. Nixon is in the lead now.

Pressed on this point, Percy said frankly that "if it looks to you like I'm sidestepping and ducking that question, you're absolutely right."

He said it made no sense to line up behind any man "before you have a single announced candidate and before you know where some of those candidates stand."

He answered "yes" when asked whether a man who didn't support the 1964 GOP presidential nominee could be the 1968 standard-bearer.

Barry Goldwater has predicted that no one who didn't back him two years ago will get the nod. Romney didn't back Goldwater, although he contends he campaigned for the Republican party.

The chairman of the House Republican Conference, Rep. Melvin R. Laird of Wisconsin, told an AP interviewer today he thinks Romney now is the front-runner for the 1968 GOP presidential nomination. He said he had considered Nixon as the frontrunner before the Nov. 8 elections.

At his news conference Percy displayed something of a lack of togetherness with the pronouncements that have been coming out of the Puerto Rico meeting between Romney and Gov. Nelson A. Rockefeller of New York.

The senator-elect said he was confused by all the talk on Rockefeller's part about a Republican "consensus" and on Romney's about the need for GOP leadership. He said, in effect, that Rockefeller has a perfect right to promote Romney if he chooses. But he made it clear he wasn't at this point.

As to his own future, Percy said he could foresee "no circumstances under which I would be expected to do other than be a good senator for the next six years."

Found Guilty on Narcotics Charge

ROME (AP) — A Rome court found an 80-year-old princess, her servant, her administrator and two other women guilty Monday of illegal possession and distribution of narcotics.

The court sentenced Princess Maria Aloysia Pignatelli di Monteduroni and the other four to prison terms of two years each. It then applied an amnesty abolishing all but the two other women, and their jail sentences were reduced to one year each.

\$60 Million in Highway Bids

LITTLE ROCK (AP) — The state Highway Department said Monday that construction bids for the year will surpass the \$60 million mark when about \$6.9 million on contracts are awarded Wednesday.

Army Admits Running Short of Rifles

WASHINGTON (AP) — The Army ran short of standard M14 rifles in the United States during September and October.

The Pentagon, acknowledging today what it called a temporary shortage, said nearly 15,000 retired M1 rifles were pulled from depot stocks to fill the gap.

The .30 caliber M1 was phased out beginning in 1961 and succeeded by the lighter M14, a 7.62mm weapon weighing about 8 pounds.

In response to questions, the Defense Department attributed the weapons deficit to "increased unit activations and concurrent increases in the training base requirements." The Army has been training men at a rate of about 50,000 a month, with a net monthly gain of 20,000 to 25,000.

The Pentagon emphasized that: — Reissues of the old M1 ended on Oct. 21 and each man now armed with it will get the modern M14 within four to six weeks.

— Every new soldier has been and is being trained with the M14 and no one who was given the older weapon was scheduled for overseas deployment.

— No soldiers serving outside the continental United States are armed with the M1.

Sources said the Pentagon has stepped up production of the new M16 rifle which has been going to troops in Viet Nam. The M14 production lines were closed down two or three years ago, with the M16 envisioned as an interim replacement until the Army comes up with a new standard weapon for future years.

Some military commanders favor the 6-pound, rapid firing M16 for jungle warfare, but officers in other areas of the world such as Europe, prefer the M14.

The M16 fires a 5.56mm round, only slightly larger than the .22 caliber bullet used by small-game hunters.

About 630,000 M16s have been ordered, officials said. The Army is getting nearly half, the Air Force and the Marines the remainder.

One high military officer said the weapons shortage is not serious and, in fact, "as rifles go, this is pretty minute." He described it as indicative of problems of distribution in an Army now totaling 1.3 million men and still growing.

But the Army Times, an unofficial publication designed for servicemen, in today's edition quoted a source as saying the number of reissued M1s approached 30,000, twice that officially acknowledged.

The Times said it inquired about the rifle shortage three weeks ago but added: "The answer was received from DOD (Department of Defense) after the November election."

Her Letter Got Results

CANTON, Ohio (AP) — Because the missus dashed off a note to the commander in chief, the war in Viet Nam can get along a few more days without Pfc. George Schmidt's help and he will be able to be with her on their fourth wedding anniversary Wednesday and on Thanksgiving Day.

Schmidt had been scheduled to leave home today for Viet Nam.

His wife, Riva, didn't know what commanding officer to contact to make a plea for extension of his leave. So she wrote to Commander in Chief Lyndon B. Johnson.

The result: Schmidt received two telegrams, granting and confirming an extension. He was ordered to leave Sunday for Oakland, Calif., from where he will be flown to Viet Nam.

Negro Group Moving from White Area

By GENE SCHROEDER

DETROIT (AP) — The first Negro family to move into the exclusive Detroit suburb of Grosse Pointe Woods will be moving out by the end of the year — but without giving up what they fought for.

A. Gordon Wright, 36, son of a Cleveland millionaire, said he would sell — or rent — his \$40,000 home to another Negro family "since we've gone to so much trouble to integrate" the plush suburb.

The departure won't be because of any racial prejudice on the part of neighbors.

"After the initial shock wore off, we were met with courtesy and friendliness by nearly everyone," said Wright, who moved into the two-story red brick colonial house four months ago with his wife and three children, aged 5, 7 and 9.

The Wrights were the target of hostility and harassment when they first moved into the Grosse Pointe area in July. Teen-agers drove up and down the street, shouting "Nigger, get out!" and other epithets.

Since then, another Negro family has moved in, and both families apparently have now been accepted by the community.

Wright's job is being eliminated under the Johnson administration's economy order affecting federal agencies. He is regional director of the Economic Development Administration office in Detroit, with supervision over five Midwest states.

Washington's Home Town Is Changing

By JOHN KOENIG JR.

ALEXANDRIA, Va. (AP) — George Washington's home town is undergoing its biggest face lifting since the days when the first president owned acreage in the center of the city.

Government and private enterprise are teaming to give this historic northern Virginia city a new 18th century look.

On almost every street of "Old Town," the section near the Potomac River, across from Washington, D.C., old houses are being restored either by individual owners or development firms.

Supplementing this work is construction by private builders of new rows of Colonial style townhouses which blend in readily with the authentic old.

But the largest project given its initial shove by federal government's urban renewal program.

Most of two large city blocks of outmoded commercial buildings along King Street, the shopping artery, were demolished under work financed federal funds.

Still left standing, however, were Alexandria's old City and Gadsby's Tavern, regarded by some as America's greatest 18th century inn.

These two examples of early Alexandria architecture are being used as the core of a cluster of brick buildings fitting a modern shopping center with Colonial decor.

Adjacent to City Hall will be a park, to be known as the Market Square. Underground parking space for hundreds of cars.

Alexandria's civic, political and business leaders say city has potential as a tourist area.

They cite these as among sights Alexandria has to offer the visitor:

Christ Church, from the George Washington was built Gadsby's Tavern, where dined and danced; the Fitz Lee House, boyhood home of Robert E. Lee.

Dear Man: Why don't you men realize that "little things" are the biggest things in a wife-and-mother's life? We have a great need to feel "worthy"; our small triumphs over patterns, parsley, etc., prove how ingenious we are. WE know it isn't "smart" to spend an hour or two making or saving something we could buy for a quarter, but we enjoy the strictly female sense of ac-complishment it brings. My children are outfitted by my sewing machine, and I wait for fabric sales.

LIFE'S LITTLE TRIUMPHS
Dear Helen: I've got it fig-ured out. The reason you women, most of you anyway, don't make it big isn't that you have fewer brains—that you waste them on little things.
I watched my wife cut out a dress pattern the other night. She had material to spare. Now any MAN would put the pieces on the cloth and cut, not worrying about where they went, just so there was enough material. Not my wife — and she says most women are the same. She spent an hour figuring out angles to save may-be a half-yard of cheap cotton — which she'll put away in a draw-er and probably never use.

I asked her why, and she said it made her feel "worthy."
She does the same thing in the kitchen. Other night she was proud as punch because she'd ground up parsley in the blender and frozen it. Took her an hour, counting the time she spent in cleaning the parsley out of the blades — and she can buy it dried almost as cheap. At the most, she saved about 10 cents for an hour's work.

Why don't you dames realize time is more important than the little things you waste it on? — MAN OF THE FAMILY

Bob Thomas at the Movies

By BOB THOMAS
AP Movie-Television Writer HOLLYWOOD (AP) — No major movie has been made about the conflict in Viet Nam. Now the Wayne family aims to correct that condition.

Universal Pictures has an-nounced the forthcoming production of "Green Berets," to star John Wayne with Mi-chael Wayne as producer. Mi-chael is the handsome 31-year-old son of John and president of Batjac Productions, which com-prises the Wayne empire.

The younger Wayne reported on the Viet Nam film:
"The story is based on the Robin Moore book which has sold three million copies and created a great deal of con-troversy. At first we had heard that David Wolper had bought the novel, so we lost interest. But then we found out that Wol-per had dropped his option, and it.

"The Green Berets" seemed ideal for two reasons: 1. It is a subject that is controversial and topical — something that is on everyone's mind; 2. This is a new kind of war with a variety of new-fangled weapons that have never been shown in a movie before. The whole thing

Television and Radio

By CYNTHIA LOWRY
AP Television-Radio Writer NEW YORK (AP) — Any tel-evision viewer with an interest in news programs must by now be familiar with what CBS', Marvin Kalb Tuesday night called Red China's "guided tour No. 1."

This is the route of tourists and visiting journalists in a triangle between Peking, Shang-hai and Wuhan. We have taken the trip before, courtesy of film by foreign camera teams.

CBS News sent a West Ger-man crew on the "No. 1 tour" recently. The result was the usual portrait of busy, smiling people marching and singing in spotless streets, happily pickin-pest vegetables in rich green fields, eating well and living in adequate, if slightly beat up quarters, and lots of cute, fat children.

To make the program some-thing more than another travel-ogue, three writers who were recent visitors to China were asked to look at the film foot-age, comment and explain.

The result was a gentle and often sympathetic interpretation of a nation fighting its way through problems of overpopu-lation, food and machine short-ages and social revolution.

China-born physician — writer Han Suyin emphasized frequent-ly the presence of so many chil-dren, and compared it with the old days. Now with maternity hospitals in the communes, Dr. Han noted that "it isn't that there are more babies, but it's just that fewer babies die."

The most interesting observa-tions were the small ones; the excellent food served in train dining cars; the "complete and total absence of sin" in modern Shanghai which once had 80,000 prostitutes, 10,000 bars and night clubs and terrible pov-erty; the complete and mysterious disappearance of flies in the whole country; the existence of domestic servants in a classless society which is short of house-paint.

Occasionally, but not strongly enough, one commentator or another indicated his awareness that the cameramen did not have freedom to shoot whatever they wanted. Writer Robert Guillain advanced the theory that perhaps one reason foreign journalists were not permitted to visit provinces off the guided tour route was not to conceal failures, but to conceal "places where their most advanced progress and remarkable achievements are located."

There was some calm discus-sion of Chinese fears of outside influences and aggression, of the adoration of Mao Tse-tung. But the whole program was at-tuned to Kalb's expressed hope for a time when "both nations, the U.S. and China, will have adopted a more flexible and in-telligent attitude towards each other." From that standpoint, "Inside Red China" was an un-usual, even controversial televi-sion documentary.

SPOKANE, Wash. (AP) — A 19-year-old airman, who said he wanted to give his friends a Thanksgiving Day party before leaving for Viet Nam, was handed a 30-day suspended jail sentence on a charge of stealing a turkey.

Airman W2.C. David R. Pick-er of Fairchild Air Force Base, pleaded guilty in police court Monday. He told the court he was short of money, headed for Viet Nam, and wanted a turkey for Thanksgiving.

A few manufacturers are here are some of those Si-monelli viewpoints on the past, present and future of fashion:

On European fashions: "People are traveling more and more and are able to see the Paris stuff themselves. They're no longer reading and dreaming. And they find it's not all so newsy after all. One taste of it and they begin to look around in their own back yard."

European couture is only good for the American market when it has been translated for our way of life with lighter fabrics and less stiffen-ing. Then these fashions have some validity here, but they have lost their original con-cept in the translation. As to European ready-to-wear, it doesn't compare with clothes made in this country."

On American fashion trends: "I think that clothes are once again being designed for the individual customer. Hemlines, for example, I think will level off. I think the bos-om will become more marked and when it does, length will be determined by the propor-tion of the dress itself. This spring I think you will see varied hemlines—some four inches above the knee and others longer, depending on the design of the whole dress."

2 Porks on Coaches All Star Team

NEW YORK (AP) — Tackle Loyd Phillips and safety Martine Bercher of Arkansas were named Tuesday to the American Football Coaches Association's 1966 all-star team.

Phillips also drew mention in the voting by sports writers for the Heisman Trophy, symbolic of the nation's top football player.

The award went to Steve Spurrier, Florida's quarterback, but Phillips ranked ninth in the voting, the top spot attained by a lineman.

Says Army, Texas Will Post Win

By HAROLD CLAASSEN
NEW YORK (AP) — Army will beat Navy, Alabama will polish off both Southern Mississippi and Auburn and Notre Dame will recover from its bruising battle with Michigan State in time to defeat Southern California.

Those are the final forecasts of the season.

Army over Navy: This game always is the last half of the two-part football schedules at the two service academies. All the preceding games are merely practice sessions in preparation for this one.

Army has the better record, 7-2, to Navy's 4-5. The Midgies, however, did better against Notre Dame than did the Cadets. Army, in turn, did better against Pittsburgh than did Navy.

Georgia over Georgia Tech: A neighborhood feud with national implications, Georgia was beaten once, by a single point; Georgia Tech, unbeaten until now, will have a similar record by nightfall Saturday.

Florida over Miami: Steve Spurrier, the Heisman Trophy winner, will pierce the Hurricanes' outstanding defense in his final scheduled appearance as a Gator. It is a Saturday afternoon affair.

Texas over Texas A&M: It has been a sad year for both, but the Aggies will be even sadder as they devour their turkey Thursday.

Nebraska over Oklahoma: The Huskers already have won their fourth straight Big Eight crown, and they have the talent to scalp the Sooners and finish the year unbeaten. It, too, is a Thursday game.

Alabama over Southern Mississippi: Southern Mississippi lost to Mississippi State, Alabama beat the same team by 13 points.

Notre Dame over Southern California: After their games of a week ago — Notre Dame against Michigan State and Southern California against UCLA — how can either field a team this week. But the Notre Dammers are younger and will recuperate faster. It is a Saturday affair.

Bills Need Win to Stay in Running

By JACK HAND
NEW YORK (AP) — Thanksgiving Day will be one long blur of football on many television screens with three games due to be beamed across the nation on the holiday.

Cleveland and Dallas meet in the Cotton Bowl in a game that should go a long way toward determining the Eastern Conference winner in the National Football League. The Cowboys, tied with St. Louis for the lead, need to reverse the result of their first meeting with the Browns to stay out front.

Buffalo needs a win at Oakland to maintain the pace in the Eastern Division of the American Football League, and the Raiders can't afford to stumble if they want to maintain any hope of catching Kansas City.

The day starts off with San Francisco at Detroit at 12:30 p.m., EST, over CBS, moves to Buffalo at Oakland at 3 p.m., EST, over NBC, and then winds up with Cleveland at Dallas at 6 p.m., EST, over CBS.

Here's how Thursday's National games look:

Hogs Second Choice for Bluebonnet

HOUSTON, Tex. (AP) — Texas will meet Mississippi in the Dec. 17 Bluebonnet Bowl if the Longhorns beat Texas A&M Thursday, the chairman of the bowl's selection committee said Tuesday.

Lou Hassell said Texas was given first choice and that the bid was offered the Longhorns Monday. He said that if Texas loses to the Aggies, Arkansas is the committee's second choice.

The Austin American said Tuesday that the invitation had been extended and approved by the team and university.

Texas Coach Darrell Royal said, "We have been talking with some people."

Royal said he preferred to have bowl officials make any announcement.

Bowl Changes at Stake for Some Team

By RON RAPOPORT
Associated Press Sports Writer
Nebraska's polh chances and Texas' bowl chances will be at stake Thursday when both clubs close out their regular college football seasons with traditional Thanksgiving Day contests.

The Cornhuskers, No. 4 in this week's Associated Press college football poll, could conceivably improve on their position with a convincing victory over Oklahoma and a little luck.

And the Longhorns will reportedly be offered the host berth to play Mississippi in the Bluebonnet Bowl Dec. 17 in Houston if they beat Texas A&M Thursday.

Nebraska is 9-0 this season and will play Alabama, 8-0 and the No. 3 team, in the Sugar Bowl. The Crimson Tide appears to be a sure thing against Southern Mississippi on Saturday, but could have a little rougher time against Auburn the following week.

Notre Dame, No. 1, takes on a rugged Southern California club Saturday and an upset or close contest in that game, coupled with a strong Nebraska showing Thursday, could pave the way for a Cornhusker advance in the poll. Michigan State, No. 2, is through for the season.

Oklahoma, however, may be no pushover for Nebraska. The Sooners won their first four games of the season before succumbing to Notre Dame. They are 5-3 over-all now after a close 10-7 loss to Missouri last week.

As for Texas, their bowl chances were revealed by the Austin American Tuesday and Coach Darrell Royal confirmed that "we have been talking with some people."

The club held a special meeting Monday and voted to accept a Bluebonnet bid if it is offered. Texas in only 5-4, but if it beats the Aggies it will have won its last three in a row, including a 26-14 victory over Baylor.

Texas A&M is 4-4-1 over-all and is tied with Texas for third place in the Southwest Conference is a 4-2 mark.

Just Can't Find the Right Answer

DETROIT (AP) — Sid Abel stood in the gloom of the Detroit Red Wings' locker room and shook his head.

"I just don't know," the Detroit general manager-coach said. "If I had the answers, we'd be winning."

He had just watched his Red Wings skate sluggishly and shoot futilely in absorbing a 3-0 whipping from the Montreal Canadiens in the only National Hockey League game played Tuesday night.

The loss left the Wings mired in last place and facing another road trip. They meet Boston Thursday and Montreal Saturday. So far, the Wings haven't scored a point on the road.

"After playing a bad one at home like this, we'd just as well be on the road and see if we can come out of it," Abel said. "I'd hoped coming home tonight we'd do some good work."

Browns, return of Jim Boeke plus to Dallas.

San Francisco's Rick Barry, held to one point in the first quarter, scored 15 in each of the next two periods and 11 in the last for a total of 42 as San Francisco trounced St. Louis 134-117 at Nashville, Tenn., Monday night. It was the only National Basketball Association action.

Barry, the NBA scoring leader who entered the game with a 37.2 average, got plenty of help from Nate Thurmond and Al Attles, each scoring 26 points.

Caltech Has Emerged Unblemished

By ROBERT NEUBERT
PASADENA, Calif. (AP) — Last weekend, two Southern California football teams stepped onto the field with perfect seasons.

But Claremont-Mudd faltered, scoring a 42-7 triumph that allowed the California Institute of Technology to emerge with an unblemished record.

Caltech racked up its second straight perfect year with an 0-8 mark, making it 23 losses in a row for the team known both as the Beavers and Engineers.

Since Claremont-Mudd entered the fray with an 0-8 record, the game could be considered for the mythical title as the worst college team in the nation.

Caltech eliminated any doubt about its supremacy when it unleashed its legendary point-a-minute squad on defense.

That battered aggregation limited the opposition this season to 387 points, while the offense rolled up 54. Last season, the Beavers or Engineers ground out 32 points and allowed 296.

Although Caltech hasn't won a game since early in 1964 when it downed Los Angeles Pacific, this season had its highlights. Caltech held LaVerne to 34-8, the closest losing margin of the season, and the Beavers rolled for two touchdowns against Azusa-Pacific while giving up only 55 points.

The Engineers use the cavernous Rosel Bowl for home games, where attendance sometimes soars to 2,000 students — most of them wanderers from visiting schools.

Bert LaBrucherie, the Caltech mentor, once was head coach at UCLA, where he led the Bruins to an unbeaten season in 1947. Unfortunately, his lads were beaten, 45-14 by Illinois in the Rose Bowl on New Year's Day and it was suggested that he resign.

After a spell of selling automobiles, LaBrucherie accepted the head position at the California Institute of Technology.

Grades and classes come before sports at Caltech. The school offers no inducements to athletes and does no recruiting, so LaBrucherie has to fashion teams out of scholars.

This season 21 students showed up for the opening day of practice, including 15 letter winners.

"My players probably have the highest IQ average of any team in the country," LaBrucherie says. "Judging by our record, this proves plainly that football is more than a game of brains."

Cats Open With Loss, Juniors Win

LARRY DON WRIGHT

HOPE STAR SPORTSWRITER

Waldo's Bulldogs utilized a well executed fast break last night to swamp the visiting Hope Bobcats, 84-54, in a wild shooting affair filled with countless mistakes.

The determining factor was that by far the greatest number of mistakes were the Bobcat's who were playing their first game of the season.

For the Bulldogs the victory boosted their season record to seven wins against a single loss.

The Cats kept it close through the first quarter trailing by four, 20-16, at the buzzer. But the Bulldogs gradually began to pull away midway through the second chapter.

Although the Bobcats were still well in the game at the halftime intermission despite being down by an eight - point deficit, 36-28, things got worse before they got better.

The third period was the clincher for Waldo as they hit on 21 of 23 attempted shots to stretch their lead to a substantial, 70-40, margin going into the final episode.

The fourth quarter was an even battle as each team could only add 14 points apiece, bringing the final tally to 84-54.

The game didn't decide much for the Cats who have had only ten days of practice prior to the game. Only possibly three of the starting five positions have been decided even to the probable personnel.

The two remaining spots are up for grabs as all of the twelve players who make up the traveling squad saw action last night.

Of course for the most part the loss was attributed to the early season stiffness. This was a very evident factor in the way things went, especially in the shooting department.

Also it wasn't expected that the Cats would perform their new fast break and fullcourt press strategy to perfection the first game of the season. However the new strategy, introduced by new head Coach Joe Austin, did show signs of greatness, even though it may be a few games before the Cats adjust to it completely.

Stan Parris was high point for the night for Hope with 14 followed by Danny Griffiths who sacked up 13.

In the first game of the night the Hope Bobkittens knocked off the Bull Pups in the junior high affair, 34-20, to start their year off with the winning way.

Ronnie Brown gunned for 19 points as the Kittens led all the way. However the Kittens did have the same trouble that the Cats with their shooting percentage, but this was overcome by general dominance under the board.

Schoolboy Season to End Thurs.

LITTLE ROCK (AP) — North Little Rock and Little Rock Hall, the state's top two high school football powers, will close their seasons Thursday with Thanksgiving victories over arch-rivals.

They play in the two key games on the final day of the season for Arkansas' schoolboy football players who began the long grind in mid-August.

North Little Rock, No. 1, tries to get its second straight AP title when the Wildcats battle Little Rock Catholic in a morning game.

The Rockets will no doubt be fired up, but they don't have the talent to stymie the powerful Wildcats. North Little Rock 21-7.

Little Rock Hall vs. Little Rock Central-Hall, ranked second in the state, could have its hands full with the rejuvenated Tigers who have made rapid progress in the last half of the season. But the Warriors hope to stand by to take over the top spot in the poll should North Little Rock stumble. Hall 13-7.

Batesville at Newport—This grudge affair rates as a tossup on paper. Give the Greyhounds the edge since they are playing at home. Newport 7-6.

One college game is set for Thursday with Arkansas A&M meeting Jacksonville (Ala.) State in the Space Bowl at Huntsville, Ala.

The temptation is to pick A&M since it rolled to a share of the AIC crown in its first season under new Coach Bill Calaway. But A&M has several starters sidelined with injuries and they had a super effort against Southern State last

In the Junior boys game Downs was high scorer with 20 points. Hoover made 15 for Bodcaw. Kidd scored 10 for the Senior girls while Bodcaw's Butler made 27. McNeil made 42 for the Spring Hill Spring Hill Senior girls and G. Matherly made 17 for Bodcaw.

Cowboys Go After Lead in League

While most of the country sits back and digests that big Thanksgiving Day turkey, Bob Lilly and the rest of the Dallas Cowboys' defensive line will try to gobble up Cleveland's twin running terrors: Leroy Kelly and Ernie Green.

Dallas, tied for the National Football League's Eastern Conference lead with St. Louis, hosts the third-place Browns in the key clash of a three-game holiday pro football schedule. In another NFL game, San Francisco plays at Detroit. In the American League, Buffalo visits Oakland.

Lilly is the 6-foot-5, 255-pound

Last week's high school selections produced a 13-4 record, a .765 percentage leaving the season tally at 250-70-19, a .765 mark.

In college predictions it was 4-2 a week ago, a .667 percentage dropping the year's total to 48-21-2, a .690 mark.

In another Thursday classic, Texas A&M will eke out a 21-18 victory over Texas in the 73rd renewal of this great game.

On Saturday, Southern Methodist will win the Southwest Conference crown and the post as Cotton Bowl host by topping always dangerous T.C.U., 24-22.

Other noteworthy contests this weekend will find Notre Dame winding up its first undefeated season in the Ara Parseghian era by vanquishing Southern California, 26-21.

tackle who anchors the Cowboys' defensive line. Last Sunday he lowered the boom four times on Pittsburgh quarterback Ron Smith as the Cowboys beat the seers 20-7.

On Thursday Lilly will have to concern himself not only with Frank Ryan, Cleveland's fine quarterback, but also with Kelly and Green, who've given the Browns a potent running attack.

Kelly rushed for 100 yards in Cleveland's 14-3 victory over Washington last week and took the NFL lead. He has gained 830 yards in 157 attempts and scored 10 touchdowns. Green is fourth in rushing with 640 yards in 117 attempts.

San Francisco will try to bounce back from a tough 35-34 loss to Philadelphia but the 49ers will have to find a defense for the NFL's newest place kicking sensation, Garo Yepremian.

Yepremian, the left-footed soccer-type Cypriot kicker, booted two field goals as the Lions upset Baltimore 20-14 last Sunday.

Buffalo, leading the AFL's Eastern Division by a full game, can put more distance between itself and pursuing Boston and New York.

But the Bills will have a battle on their hands against the Raiders, who've won six of their last seven and jumped into second place in the Western Division.

The other pro teams play Sunday. In the National League, Atlanta is at Chicago, Green Bay visits Minnesota, Los Angeles takes on Baltimore, New York is at Washington and Pittsburgh takes on St. Louis.

In the American League, New York entertains Kansas City, San Diego is at Denver and Boston plays at Miami.

Tigers End Season at Prescott

By JOSEPH WITHERSPOON
The Yerber High School Tiger will meet the McRae High School Tigers of Prescott, this Thursday, Thanksgiving Day in Prescott.

After losing last week to H race Mann High School Litt Rock, a one sided score the Tigers will be trying to make a comeback this week again Prescott.

This will be the last game for the Tigers this year and they hope to end the season with a smashing victory. The Yerber Tiger and the McRae High School Tigers have been great rivals for many years. Every Thanksgiving Day when these two teams go together, it always seems to be a battle down to the gun.

Last year when these teams played in Hammon Stadium the fought to a 14-14 tie, and this year more of the same can be expected. This week when the Tigers take on Prescott, they will be trying mostly to stop the McRae Tigers fast backfield. The Tiger defense will be trying to give up any ground.

In summarizing this 1966 season for the Tigers, the coaches have done a great job with the team. They have started them with excellent displays of football fundamentals and sportsmanship. Although the Tigers haven't won to many games this year they have played some outstanding football. The team was composed of mostly juniors, sophomores, and freshman this year and now that they have gained some experience they are sure to do a better job next year. The players would like to thank the coaches and fans for making this an outstanding football season.

North's hand isn't really worth a three spade call but he is too strong to pass and does bid three spades.

When this hand was actually played Al Roth, one of the greatest players of all time, was East. He protected his partner's weak jump overcall by a jump of his own. He bid five clubs. He didn't expect that Edith Kemp who sat West would make five clubs but he hoped to get his opponents to five spades.

His five club bid had that exact result. South did not know how weak his partner's three spade was and saw no reason to give up a vulnerable game to set nonvulnerable opponents.

Roth could have added insult to injury by doubling five spades but Roth was not going to fall into a possible trap. The game was match point duplicate and Roth expected

This illustrates an important principle of duplicate bidding. When you know the hand belongs to your opponents and you push them up one higher than normal there is no reason to make a close double. If you set them undoubled you get a good score.

Spring Hill Girls Defeat Hope Ladies

B Boys Clobbered By Spring Hill 69-34

Hope Girls Lose Pair at Spring Hill

Spring Hill girls, Junior and Senior, defeated two Hope teams last night. The Junior girls won 33 to 26 and the Senior girls by a decisive 56 to 33 score.

In the Junior game the first quarter ended 6-4 with Hope out front 6-4 and from that point the Spring Hill girls went out front and maintained a narrow margin throughout.

It was also the first game of the season for the Senior Girls of Hope who were cold throughout. Spring Hill jumped into an early 9-0 lead and rolled it to 19-1 by the end of the quarter. At the half it was 30-14. Spring Hill kept its lead all the way and at the final buzzer it was 56 to 33.

In the third game of the night the Spring Hill boys defeated the Hope B Boys by a score of 69 to 34.

In the action pictures above both Hope teams are in the white uniforms.

Tulsa Team Defeats Ouachita

By THE ASSOCIATED PRESS
Oral Roberts University of Tulsa pulled away in the final 11 minutes Tuesday and upset Ouachita Baptist 82-67 at Tulsa. In another game involving an Arkansas Intercollegiate Conference team, Arkansas Tech thumped Evangel College of Springfield, Mo., 90-71 at Harrison.

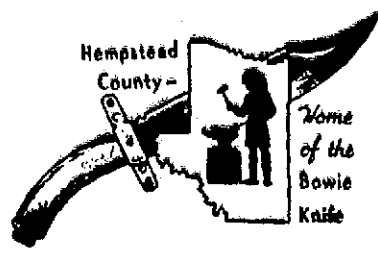

Ouachita led the Titans 36-35 at halftime but Oral Roberts broke a 40-40 deadlock and began to pull away.

Gerry Gagnon led the Titans with 17 points while Larry Bone and Don Purdy paced Ouachita with 12 each.

Tech rolled to a 50-28 halftime lead and coasted to its victory over Evangel. Paul Brown paced Tech with 29 points and Jerry Brockman led Evangel with 22.

Option Is With Buyer; Government Please Stay Out

Everybody is getting into the high-food-price act - from housewives trying to boycott stores, to California's defeated governor Pat Brown, the Federal Trade Commission, and President Johnson's advisors on consumer affairs.

A news roundup in Time magazine reports that they are seeking to make trading stamps and contests the whipping-boy. Heated Mr. Brown offers to stop the Federal Trade Commission with a new California law which he claims "institutes that the gimmicks cost shoppers at least a week's groceries a year."

If Mr. Brown was no better than a governor than he is at business figures then it is perfectly clear why he was defeated in re-election. Next thing we hear is that newspaper advertising increases the cost of groceries. It's about time someone reminded the public of the fundamental economic facts that are taught every student, and which educated adults are supposed to know. The first of these facts is this:

All trade promotions aim to increase the volume of sales and reduce the cost of individual items. They invariably do this - they are discontinued, and fast. The basic promotion is advertising, whether newspaper, radio, television, or direct-by-mail. The old-time Hope merchant once told me back in the 1930's that he didn't have to use advertising - that he could keep his store afloat by simply marking his prices on his display window. I read, Of course he could. But his message's effect would be limited to merely those people who passed by his store - it certainly wouldn't help bring people to town to shop. Eventually he returned to us as an advertiser.

I am no friend of trading stamps and cash give-aways, because it's ingrained in a newspaperman to believe that gimmicks are less effective than basic advertising. And the big merchants think the same way. P. & P., Safeway, and Kroger ought trading stamps to the last inch - until consumer demand and competition compelled them to take on stamps.

Gimmicks are strictly a buy-sell option. If they sell the goods, then the gimmicks stay. If they don't, they're "out."

You the consumer will call the shot. That's your God-given privilege as an American citizen - and don't let any devious politician, or cushy federal bureau, or all-wise presidential advisor, talk you out of it.

If these governmental "advisors" are so all-fired smart why aren't they working for private business at big salaries instead of theorizing from the sanctuaries of some federal cubbyhole?

As regards high grocery prices - they are simply the result of the inflationary times in which we live. The cause isn't hard to find. This morning's newspapers reported that in the first quarter of the Government's new fiscal year - July 1, 1966 to June 30, 1967 - the federal free-spenders paid out 13 billion dollars more than they collected in taxes.

The federalists talk about gimmicks and high grocery prices - but never a word about profligate government. And without the newspapers you wouldn't know.

\$500 Raises for Teachers Discussed

LITTLE ROCK (AP) - The Arkansas Legislative Council, reviewing the Education Department's budget for the next biennium, gave no indication Tuesday of wanting to eliminate a proposed average salary increase of \$500 annually for teachers.

The budget, prepared by the state Board of Education, seeks \$94,316,717 in 1967-68 and \$104,859,497 in 1968-69. It compares with the \$80,507,150 appropriated for 1965-66.

Much of the discussion on the budget centered on the teacher salary increase, a proposal to provide free textbooks for high school students and on whether to give teachers the \$2.7 million surplus in public school funds from the last fiscal year.

The council considered the budget without a recommendation on it from Gov. Orval Faubus. The teacher salary increase is the major item because it has been in the news throughout the gubernatorial campaign. It was strongly endorsed by the Board of Education and the Arkansas Education Association. Governor-elect Winthrop Rockefeller and Democrat Jim Johnson, the unsuccessful gubernatorial candidate, also said they favored the \$500 salary increase for teachers.

The teachers would get an additional pay raise of about \$125 if the legislature decides to give the \$2.7 million surplus to the state's 18,000 teachers.

Education Commissioner A. W. Ford told the council that he thought it was time the state provided free textbooks for high school students.

Elementary pupils have been receiving free textbooks since 1937.

Ford asked that the appropriation for elementary textbooks be increased from \$1.1 million a year to \$1.5 million.

Sen. Clarence E. Bell of Parkin, an advocate of the program, said he thought Ford's figure was even too low.

The council voted to request the Board of Education and the Educational Television Commission to give their views on the advantages and disadvantages of combining the agencies.

Red China States Own Rules for UN

By JOHN RODERICK
TOKYO (AP) - Red China today restated its terms for joining the United Nations: expel Nationalist China and end U.S.-Soviet domination of the world organization. They underlined the prospect that the Peking regime won't get in for a long time.

An official New China News Agency broadcast rejected as "absurd" a resolution now being debated by the U.N. General Assembly. Authored primarily by Italy, it would set up a committee to study the question of China's representation for the next year and is being reluctantly supported by the United States.

The Peking broadcast described the resolution as a trap to permit Nationalist China to remain in the organization and as a U.S. device to make it appear Peking has chosen to isolate itself from the United Nations.

"Everybody knows China's stand towards the United Nations under U.S.-Soviet control," the agency said. In September, Peking said U.S. control should be smashed and the organization completely reorganized.

In the American endorsement this week of the Italian resolution, chief U.S. delegate Arthur J. Goldberg stressed the importance of keeping Peking out. This was interpreted by some diplomats as a shift away from the hard U.S. line against membership for Communist China and a step toward a "two-Chinas" policy.

Both the Nationalists and the Communists are opposed to the two-China policy.

The Soviet Union rejected the Italian proposal this week but gave only lukewarm support to the argument that Peking alone has the right to represent China.

Faubus Says Ike Given Bad Advice

LITTLE ROCK (AP) - Gov. Orval Faubus said Tuesday night that former President Dwight D. Eisenhower was "largely convinced" that a cooling-off period was needed to avoid violence during the early days of the 1957 Little Rock integration crisis.

Faubus said, however, that the cooling-off period didn't come about because the President was given some wrong advice by former U.S. Atty. Gen. Herbert Brownell.

Faubus said Brownell, through "design or ignorance," advised Eisenhower that the cooling-off period wasn't legal in the face of a court mandate to admit nine Negro children to Central High School.

Faubus, in a 90-minute television program reviewing his 12 years in office, said Brownell gave Eisenhower the bad advice during their Newport, R.I., conference preceeding the governor's calling out the National Guard and Eisenhower's sending federal troops to Little Rock.

Faubus said he knew Brownell was wrong and should have spoken up but didn't.

Faubus said he was forced by the circumstances to call out the National Guard, which turned the children away at the school, and that he believed violence would have broken out had he not activated the guardsmen. He said he didn't believe the children would have been harmed, but those persons accompanying them might have hurt or even killed.

Asked if he could point to anyone who has made his tenure in office successful, he said that it has been hard work and his aptitude for choosing persons to whom he could delegate authority with the confidence that they would do their jobs well.

He said his greatest accomplishment was perhaps a summation of the total of his administration. He said he was proud that there is a new spirit of hope, faith and self-assurance in the state where before he became governor there was an air of reticence "that boarded on an inferiority complex."

Faubus said one of his major disappointments was the failure of the bond issue that would have built more roads and bridges.

The governor said that "a lot of people regard my last term as the area of my greatest misfortune" because of such controversies over the prison system and unauthorized pay raises in the State Highway Department.

Asked if any of the controversies influenced his decision not to seek a seventh term, the governor replied, "Not really."

He said he wasn't sure whether he would seek public office again. He said, however, that writing his memoirs would take priority over everything except his family after he leaves office.

Faubus Says That Thanksgiving in Early Days Would Have Been Very Costly

By SALLY RYAN

AP Business News Writer
NEW YORK (AP) - All that talk about the good old days, forget it. If you ate like the Pilgrims, Thursday's Thanksgiving dinner would cost you about three times as much.

And you would have to skip the cranberries and pumpkin pie.

Once wild turkeys were plentiful near Plymouth Plantation in Massachusetts, and bear and venison were mainstays for dinner.

But now wild turkey is \$2.35 a pound, native black bear roast \$3.50, and venison back roast \$2.55.

If you wanted to throw a little 17th-century Thanksgiving dinner for 142 - 52 colonists and 90 Indians - it would cost you \$678.76, or \$4.78 a person. That's with wild turkey, venison, bear, mussels, eels and succotash.

If you'd settle for the traditional 20th-century version, you could scrape by for \$214.77 - \$1.51 a person. That's for just plain turkey, dressing, cranberry sauce, pumpkin pie and all that.

You might want to do without wild rice, though. There was too much water in Minnesota's lakes this year, and the wild rice grown there is selling for \$9.33 a pound, nearly double the price of a year ago.

In New England, they say, Gov. William Bradford proclaimed the first Thanksgiving in 1621. In Virginia, where everything is a little older, they say the first celebration was at Jamestown in 1619.

The pilgrims didn't leave any engraved menus around. Neither did their Indian guests. The experts can only guess what

Dedicates New Highway Bldg.

By THE ASSOCIATED PRESS
LITTLE ROCK (AP) - Arkansas' 10-story Highway Department building was dedicated Tuesday, with Gov. Orval Faubus cutting the ribbon and declaring that the structure had capped the Highway Commission's program of area and district building construction.

Faubus said the building "will enable the employees to work more efficiently and economically."

The governor also said that within a few days he would announce two more state parks projects for the state.

Air Attacks Stepped Up in Viet Nam

By ROBERT TUCKMAN

SAIGON, South Viet Nam: (AP) - U.S. fliers stepped up their attacks in North and South Viet Nam while on the ground the fighting lapsed today into small scattered clashes.

B52 bombers pounded Communist positions in support of the American forces pressing Operation Attleboro in Tay Ninh Province and those in Operation Paul Revere in the central highlands.

The weather improved over North Viet Nam Tuesday for the first time in nearly two weeks, and U.S. pilots flew 59 bombing missions, an increase over recent days but still far below the average 150 missions of ideal flying days.

One American plane was reported shot down, a two-man Air Force F4C Phantom jet. Both fliers were listed as missing. It was the 427th plane reported lost over North Viet Nam and the first since Nov. 11.

On another front, the U.S. mission announced a new, major effort to spur the pacification program, the civilian-directed campaign to win the allegiance of South Viet Nam's masses to the Saigon government. Deputy U.S. Ambassador William J. Porter, 52, was named to head the new attempt to make the flagging program succeed.

As the ground fighting subsided, the 360,000 American troops in Viet Nam and the 60,000 men offshore on 7th Fleet ships looked forward to the traditional turkey-and-trimmings Thanksgiving dinner Thursday.

In another development, U.S. sources disclosed that desertions from South Viet Nam's regular army have dropped sharply since stiff new penalties were ordered last April. These sources reported 4,000 Vietnamese desertions in September compared with 7,500 last March.

In the scattered ground action, U.S. Marines supported by air strikes, artillery, naval gunfire and tanks reported killing 36 Viet Cong in clashes Tuesday near Da Nang and Chu Lai.

Strange Photo Sent Back by Orbiter 2

PASADENA, Calif. (AP) - Lunar Orbiter 2 has photographed some features on the moon's face that scientists refuse to speculate about.

Pictures made public Tuesday by the Jet Propulsion Laboratory here show protuberances rising like stalagmites 40 to 75 feet, scientists say. The scientists said the pictures indicate a diameter of about 50 feet at the base of the protuberances, but they declined further comment.

A spokesman for the National Aeronautics and Space Administration said the space camera - orbiting every 3 hours, 28 minutes and swooping within 25 miles of the moon - has scanned eight of 13 potential astronaut landing sites. The last of 422 pictures is to be snapped Friday.

Joint Arkansas, Texas Project

LITTLE ROCK (AP) - A Missouri firm submitted an apparent low bid of \$289,136 Tuesday for a highway project at Texarkana being financed as a joint project by the Arkansas and Texas highway departments.

The bid, opened at Austin, went to the Harrison Paving Corp. of St. Joseph, Mo. Work involved in concrete paving and a bridge on U.S. 71 and U.S. 59 between 39th Street and Interstate 30 in Texarkana.
